

# LIQUID FERTILIZERS

## FAST-ACTING NUTRITION WITH MAXIMUM FLEXIBILITY

PVEX liquid fertilizers provide rapid nutrient absorption and are formulated for all crop stages. Their high solubility makes them ideal for high-intensity farming systems and modern irrigation technologies.

### Key Advantages:

- **Instant absorption** for quick plant response.
- **Flexible application:** spraying, root irrigation, drip systems.
- **Specialized formulas** for each growth stage.
- **Consistent and stable quality** from modern production lines.

Liquid

## AMINO FULVIC PV

### INGREDIENTS:

Nitrogen (N): ..... 5%;  
Phosphorus (P<sub>2</sub>O<sub>5</sub>): ..... 1%;  
Potassium (K<sub>2</sub>O): ..... 1%;  
Organic Matter: ..... 36%;  
Fulvic Acid: ..... 23%;  
Amino Acid: ..... 14%;  
Density: ..... 1.2;

### PACKAGING:

- 1L / 5L / 20L / 200L
- Customized on request

### FEATURES:

- Liquid organic fertilizer with high bioactivity
- Rich in fulvic & amino acids for quick plant absorption
- Suitable for all crops via foliar or soil application

### USAGE & BENEFITS:

- Enhances root and shoot growth
- Improves nutrient uptake and stress resistance
- Boosts soil health and microbial activity

Liquid

## NPK 8-48-8

### INGREDIENTS:

Nitrogen (N): ..... 8%;  
Phosphorus (P<sub>2</sub>O<sub>5</sub>): ..... 48%;  
Potassium (K<sub>2</sub>O): ..... 8%;  
Chelate Mg: ..... 50ppm;  
Chelate Zn: ..... 50ppm;  
pH<sub>H2O</sub>: ..... 3;  
Density: ..... 1.5;

### PACKAGING:

- 1L / 5L / 20L / 200L
- Customized on request

### FEATURES:

- High-phosphorus liquid formula
- Suitable for fertigation or foliar application
- Fast absorption and efficient delivery

### USAGE & BENEFITS:

- Stimulates strong root and flower development
- Enhances nutrient uptake and resistance
- Ideal for early stages and reproductive growth

Liquid

## NPK 0-70-5

### INGREDIENTS:

Phosphorus (P<sub>2</sub>O<sub>5</sub>): ..... 70%;  
Potassium (K<sub>2</sub>O): ..... 5%;  
Density: ..... 1.55;

### USAGE & BENEFITS:

- Stimulates root and flower formation
- Enhances energy transfer and reproductive success
- Supports healthy plant development

### FEATURES:

- High-phosphorus liquid concentrate
- Fast absorption, suitable for foliar or drip use
- Promotes early-stage and flowering growth

### PACKAGING:

- 1L / 5L / 20L / 200L
- Customized on request

Liquid

## NPK 9-9-9

### INGREDIENTS:

Nitrogen (N): ..... 9%;  
Phosphorus (P<sub>2</sub>O<sub>5</sub>): ..... 9%;  
Potassium (K<sub>2</sub>O): ..... 9%;  
Amino Acid: ..... 8%;  
Fulvic Acid: ..... 2%;  
Organic Matter: ..... 15%;  
Agrinic: ..... 1000ppm;  
Chelate Ca: ..... 200 ppm;  
Sulfur (S): ..... 100ppm;

### PACKAGING:

- 1L / 5L / 20L / 200L
- Customized on request

### FEATURES:

- Balanced organic liquid fertilizer with full NPK & amino acids
- Fast absorption, ideal for all growth stages

### USAGE & BENEFITS:

- Supports uniform growth and strong plant structure
- Enhances nutrient uptake and stress resistance

Liquid

## NPK 0-30-30

### INGREDIENTS:

Phosphorus (P<sub>2</sub>O<sub>5</sub>): ..... 30%;  
Potassium (K<sub>2</sub>O): ..... 30%;

### PACKAGING:

- 1L / 5L / 20L / 200L
- Customized on request

### FEATURES:

- High PK liquid fertilizer, nitrogen-free
- Fully soluble, quick absorption

### USAGE & BENEFITS:

- Promotes root development, flowering, and fruiting
- Enhances quality, color, and crop yield

Liquid

## NPK 15-5-5

### INGREDIENTS:

Nitrogen (N): ..... 15%;  
Phosphorus (P<sub>2</sub>O<sub>5</sub>): ..... 5%;  
Potassium (K<sub>2</sub>O): ..... 5%;  
Amino Acid: ..... 8%;  
Fulvic Acid: ..... 2%;  
Organic Matter: ..... 15%;  
Agrinic: ..... 1000ppm;  
Magie (Mg): ..... 100ppm;  
Chelate Zn: ..... 100ppm;

### PACKAGING:

- 1L / 5L / 20L / 200L
- Customized on request

### FEATURES:

- Organic liquid formula with high N and amino acids
- Rapid absorption via foliar or root application

### USAGE & BENEFITS:

- Promotes lush growth and leaf expansion
- Improves nutrient uptake and plant resilience
